### **BOIL WATER ADVISORY: Village of Canning Water Utility**

**KINGS COUNTY, NS:** The Municipality of the County of Kings wishes to advise customers of the Village of Canning Water Utility of a continued Boil Water Advisory. However, testing of samples collected yesterday confirmed the absence of the previously detected contaminant.

When a utility is under a Boil Water Advisory, two consecutive rounds of testing, 24 hours apart must take place before the advisory can be removed. Issuance and lifting of Boil Water Advisories are conducted by the Nova Scotia Department of Environment.

Customers of the Utility are asked to continue to comply with the Advisory until further notice. The Municipality will continue to share updates over the long weekend.

The Municipality of the County of Kings apologizes for the inconvenience this advisory is causing and thanks the public for their patience and understanding as we work to resolve the issue.
