**Municipality of the County of Kings Awards Contract for  
New Municipal Offices at \$5,310,000**

**KINGS COUNTY, NS:** Mayor Peter Muttart stated: “We are pleased to see that Roscoe Construction Limited of Cambridge was the low and successful bidder on this project. We have a high level of confidence in this company.

We received competitive bids from eight respectable contractors. The fact that the Roscoe firm is located in our Municipality is a coincidental bonus.”

This is the last of several iterations of the development process to build new Municipal offices in Coldbrook. In its final form, Kings has added close to 3,000 square feet to earlier versions in order to accommodate requirements of Staff and Council, as well as removing the Public Works building from the site and thereby substantially increasing parking capacity.

Four of the eight bids received were within 10% of the successful bidder.

Construction will begin as weather permits.
