Request for Decision

TO	Committee of the Whole
PREPARED BY	Madeleine McCarron, Policy Analyst
MEETING DATE	September 15, 2026
SUBJECT	New Policy ADMIN-01-026: RCAF Flyby Authorization

ORIGIN

- First introduction to Committee of the Whole

RECOMMENDATION

That Committee of the Whole recommend Municipal Council give seven days notice, per s. 48(1) *Municipal Government Act*, to adopt Policy ADMIN-01-026: RCAF Flyby Authorization, as attached to the September 15, 2026 Request for Decision.

INTENT

For Committee of the Whole to review and consider recommending Municipal Council adopt new Policy ADMIN-01-026: RCAF Flyby Authorization.

DISCUSSION

Organizers of community events are able to request flybys, aerial demonstrations, and displays of Royal Canadian Air Force (RCAF) aircraft for their events through the Special Events Division of the RCAF. The RCAF is the final authority in approving these requests from community event organizers. As part of its approval process a letter of support from the local municipality may be required by the RCAF.

Presently, there is no policy allowing for the efficient approval of this type of request. As a result, when a request is submitted to the Municipality, it must be added to the agenda to go before Council for a decision.

Without an approval policy the process of obtaining Council approval for the Mayor to sign the support letter is inefficient and may result in delays in the planning process for community event organizers and the RCAF if the letter of support cannot be provided in a timely manner.

This Policy is intended to reduce this inefficiency and resulting time delay by allowing for the Mayor to sign a letter of support without bringing the matter before Council. Delegating the approval authority for these standard requests to the Mayor will allow the Municipality to provide an efficient and timely reply to requests from community event organizers, thereby allowing more time for the planning process prior to the event date or other deadlines.

Request for Decision

TO	Committee of the Whole
PREPARED BY	Andy Pulsifer, Manager of Environmental Services
MEETING DATE	September 15, 2026
SUBJECT	Committee Consolidation: Greenwood and Sandy Court Source Water Protection Committees

ORIGIN

- [July 5, 2011 - Council Motion](#)
- [April 5, 2011 - Council Motion](#)
- [Current Terms of Reference for Sandy Court Source Water Protection Committee](#)
- [Current Policy for Greenwood Water Utility Source Water Protection Committee](#)

RECOMMENDATIONS

That Committee of the Whole recommend Municipal Council give First Reading to amend By-law 102: Committees Governance to delete the reference to “Sandy Court Source Water Protection Committee” from Schedule A (Committees of Council).

That Committee of the Whole recommend Municipal Council repeal the Terms of Reference for the Sandy Court Source Water Protection Committee.

That Committee of the Whole recommend Municipal Council provide seven days’ notice, per s. 48(1) *Municipal Government Act*, to repeal Policy EPW-04-009: Greenwood Water Utility Source Water Protection Committee.

That Committee of the Whole recommend Municipal Council adopt the new Terms of Reference for the Greenwood Water Utility Source Water Protection Committee, as attached to the September 15, 2026 Request for Decision concurrent to the aforementioned By-law amendment, repeal of Terms of Reference, and Policy repeal.

INTENT

For Municipal Council to amend By-law 102, repeal the Terms of Reference (TOR) for the Sandy Court Source Water Protection Committee, repeal Policy EPW-04-009 Greenwood Water Utility Source Water Protection Committee, and adopt a new TOR that in part consolidates the present Committees and brings the TOR in compliance with Policy ADMIN-01-016: Administration of Standing and Advisory Committees of Council.

DISCUSSION

In April 2011, Municipal Council approved the formation of a Sandy Court Source Water Protection Committee. The TOR for the Committee are published on the Municipal website under the “[Boards & Committees](#)” section.

The Municipality of the County of Kings owns and operates the Water Utility that provides potable drinking water to Greenwood and the Sandy Court area of the Village of Aylesford. The *Drinking Water Strategy* issued by the Province of Nova Scotia requires that utilities that use ground water for drinking water undertake source water protection measures. The source water protection measures are the first barrier to a multi-barrier approach to reduce the risk of contaminants getting into the groundwater supply.

Request for Decision

The proposed and consolidated Greenwood Water Utility Source Water Protection Committee TOR (Appendix A) identifies the:

- Committee Purpose
- Committee Membership
- Committee Responsibilities
- Municipal Staff responsibilities; and
- Committee Operating Procedures

FINANCIAL IMPLICATIONS

- Overall, the change from individual Committees to a single Committee will have no financial impact.

STRATEGIC PLAN ALIGNMENT

	Strong Communities	
	Environmental Stewardship	
	Economic Development	
✓	Good Governance	Improving the administration of Source Water Protection planning
	Financial Sustainability	
	Other	

ALTERNATIVES

- Committee of the Whole may request the CAO to return with recommendations to modify Policy EPW-04-009.

IMPLEMENTATION

- Municipal Council gives First and Second Reading to amend By-law 102 at upcoming meetings.
- Draft TOR submitted to Municipal Council to give seven days' notice to adopt the TOR.
- If adopted, TOR will be posted on the Municipal website.
- Staff remove existing TOR and Policy from Municipal website.

ENGAGEMENT

- This is an internal governance and administrative update that will lead to an updated Source Water Protection Plan and the establishment and monitoring of annual work plans. This updated framework will involve citizen/community input (engagement).
- Engagement specific to this RFD will include the required seven-day notice prior to Policy repeal, public notice of Second Reading of By-law 102, notification to Greenwood and Sandy Court Source Water Protection Committee members and public transparency through updated information on the Municipal website.

TO	Committee of the Whole
PREPARED BY	Brad Carrigan, Director of Engineering & Public Works
MEETING DATE	September 15, 2026
SUBJECT	Regional Sewer Treatment Plant Pre-design Study Update

ORIGIN

- Regional Sewer Treatment Plant – [Project No. 24-48](#)

RECOMMENDATION

That Committee of the Whole receive the Briefing on the Regional Sewer Treatment Plant Pre-design Study as presented on September 15, 2026 for information.

INTENT

To update Committee of the Whole on the status and timeline associated with the Regional Sewer Treatment Plant pre-design study.

DISCUSSION

Through a public procurement process, CBCL Limited was awarded a contract to prepare a pre-design study on the Regional Wastewater Treatment Plant. CBCL's report is in draft format and will first be presented and reviewed by the Technical Subcommittee of the Regional Sewer Committee. After review by the Technical Committee, the report will be forwarded and presented to the Regional Sewer Committee for their review and recommendation.

A high-level summary of the terms of reference that guided the study included the review and recommendation of technology best suited to address compliance matters such as odour control, future growth, and sludge management.

CBCL has developed and evaluated five treatment alternatives. Each option has been assessed using both qualitative and quantitative criteria. Qualitative criteria included items such as ease of operation and maintenance, odour control, compatibility with high-strength wastewater, while quantitative criteria included capital cost, operating cost, and life-cycle cost.

The completion of the study is on track in accordance with the engagement contract. The receipt and review by the two above mentioned committees will take additional time.

FINANCIAL IMPLICATIONS

- The pre-design study was awarded based on the approved budget.

Request for Decision

TO	Committee of the Whole
PREPARED BY	Mike Livingstone, Director of Finance & IT
MEETING DATE	September 15, 2026
SUBJECT	Guarantee Resolution: Tidal Transit Authority

ORIGIN

- First introduction to Municipal Council

RECOMMENDATION

That Committee of the Whole recommend Municipal Council approve the Tidal Transit Authority Municipal Partner Guarantee Resolution as detailed in the Request for Decision dated September 15, 2026, in the amount of \$4,713,821.

INTENT

For Committee of the Whole to consider Tidal Transit Authority's (TTA) request for the Municipality of the County of Kings (Municipality) to guarantee its proportional share of debenture financing in the amount of \$4,713,821

DISCUSSION

This request relates to the 2026/27 Temporary Borrowing Resolution (TBR) requested by TTA.

TTA requires a Nova Scotia Department of Municipal Affairs (DMA) approved TBR to access financing through the Municipal Finance Division (MFD) at the Department of Finance and Treasury Board. DMA approval requires Guarantee Resolutions from each municipal owner; together, these satisfy the MFD lending requirements.

The TTA TBR contains capital purchases totalling \$11,697,415 of which the Municipality is asked to guarantee \$4,713,821 which is 40.3% and represents the Municipality's pro rata share of TTA in fiscal 2026-27.

The below chart summarizes the required municipal debt financing guarantees required:

DEBT FINANCING GUARANTEE REQUIRED

Municipality of the County of Kings	40.30%	\$ 4,713,821
Municipality of the County of Annapolis	19.83%	2,319,777
Town of Kentville	13.82%	1,616,323
Town of Wolfville	10.38%	1,214,166
Town of Berwick	4.12%	482,380
Town of Middleton	3.60%	421,275
Municipality of the District of Digby	7.95%	929,673
Total Capital Requirements for Borrowing Resolution	100.00%	\$ 11,697,415

Request for Decision

The following table breaks down the capital projects covered by TTA's TBR:

CAPITAL SPENDING

Purpose	Amount
Purchase of Buses	\$ 9,710,937
Bus Software / Hardware & Branding	576,723
2 Service Vehicles	122,609
Building Design / Engineering	156,002
Building Renovation	1,131,144
Total	\$ 11,697,415

FINANCIAL IMPLICATIONS

- Debenture guarantees have no financial impact unless TTA defaults, in which case the municipal owners share the net debt proportionally.
- Loan guarantees do not factor into financial indicators or affect borrowing capacity.
- DMA requires municipal Guarantee Resolutions before approving borrowing of an intermunicipal services corporation.

STRATEGIC PLAN ALIGNMENT

	Strong Communities	
	Environmental Stewardship	
	Economic Development	
	Good Governance	
	Financial Sustainability	
✓	Other	To enable TTA to secure debenture financing for capital purchases

ALTERNATIVES

- No alternatives are recommended.

IMPLEMENTATION

- DMA requires the Guarantee Resolution is duly passed at a meeting of Municipal Council.
- Municipal Clerk will sign the requested copies of the Guarantee Resolution and circulate to the appropriate parties.

ENGAGEMENT

- The Capital expenditures and financing sources were approved as part of the TTA budgeting process and supporting Investing in Canada Infrastructure Projects Phase 2.

Committee of the Whole Agenda Item Request

TO	Committee of the Whole
FROM	Councillor Best
PREFERRED MEETING DATE	September 15, 2026
DATE REQUEST SUBMITTED	August 26, 2026
TOPIC	Policy FIN-05-008: Business Expense

PREFERRED OUTCOME

✓	Recommend a motion to Council	Closed Session discussion
	Item received as information	Promote clarity of a program or Policy

BACKGROUND INFORMATION & DISCUSSION

The Business Expense Policy allows Members of Council to claim travel expenses relating to meetings with organizations, community groups, and non-profits as long as the Council Member has been invited and the Council Member determines their attendance is necessary and in the best interests of the Municipality (s. 4.2.11).

The Policy also allows the Mayor and Deputy Mayor to claim travel expenses for attendance at social functions as dignitaries representing the Municipality (s. 4.3).

In my opinion, when it comes to e.g. community breakfasts, no Council Member should be able to claim travel expenses such as mileage and meals. These events are open to all community members and usually don't involve invitations.

SUGGESTED RECOMMENDATION

That Committee of the Whole recommend Municipal Council direct the CAO to propose amendments to sections 4.2.11 and s. 4.3 of FIN-05-008, the Business Expense Policy, to not allow Council Members to be reimbursed for travel expenses for community breakfasts and similar events.

COMMITTEE	Regional Emergency Management Advisory Committee
COMMITTEE MEETING DATE	July 20, 2026
COTW MEETING DATE	September 16, 2026

The Regional Emergency Management Advisory Committee met on July 20 to discuss the current wildfire season and emergency preparedness across the region. An update was provided on the province's new wildfire helicopters, including their capabilities and how they will support wildfire response. The helicopters will be based out of Debert, providing greater flexibility and allowing emergency crews to respond to multiple wildfire incidents more quickly and effectively across the province.

The committee also discussed upcoming ICS 200 training for municipal employees, which will help strengthen local emergency response capabilities and coordination. Emergency planning with local community centers was also reviewed, with a focus on preparedness and ensuring these facilities are able to support the community during an emergency.

Respectfully,

Councillor Peckford.
