Aylesford Lake Beach Reopening Today

July 6, 2026

Aylesford Lake Public Beach is reopening today (July 6) for all uses.

The public beach was closed to swimming and paddle boarding as a precautionary measure due to higher than acceptable bacteria count in water tests reported on June 30. Water quality tests conducted following the beach closure showed that it is safe to reopen Aylesford Lake Public Beach. The Municipality's paddle loans program is also returning to regular operations.

The Municipality of the County of Kings thanks everyone for their patience and cooperation during the temporary closure of the swimming area.

In addition to posting signage at the site, news of beach closures will be posted on www.countyofkings.ca and the Municipality's [Facebook](#) and [X](#) accounts as needed throughout the season.
