COUNTY *of* KINGS

## **Aylesford Lake Beach Reopening Today**

**August 11, 2024**

Aylesford Lake Public Beach is reopening at noon today (August 11).

The public beach was closed as a precautionary measure due to higher than acceptable bacteria counts in water tests reported on Aug. 7. Two consecutive water quality tests conducted following the beach closure showed that it is safe to reopen Aylesford Lake Public Beach.

The Municipality's kayak and paddleboard loans program at Aylesford Lake will return to regular operations Monday, Aug. 12. Walk-up and pre-booked paddle equipment loans are based on availability.

The Municipality of the County of Kings apologizes for any inconvenience beach closures may cause. In addition to posting signage at the site, the Municipality publishes updates about Aylesford Lake Public Beach closures on [www.countyofkings.ca](http://www.countyofkings.ca) and the Municipality's [Facebook](#) and [Twitter](#) accounts.
