For Immediate Release: Flushing planned for Greenwood Water Utility

The Municipality of the County of Kings wishes to advise customers of the Greenwood Water Utility that water mains and fire hydrants will be flushed from September 6 to September 24 between the hours of 9 a.m. and 4 p.m.

As a result, customers may experience low water pressure or discoloured water during this period. This condition may cause staining of clothing during washing. Customers should flush their own lines by allowing the water to run for about 10 minutes or until the water clears.

Flushing of the water system is conducted each year to maintain and improve water quality in the utility's piping.

The Municipality of the County of Kings apologizes for the extended period of time required to perform this work and any inconvenience it may cause.

BROADCAST:

From September 6 to September 24, between the hours of 9 a.m. and 4 p.m., the Municipality of the County of Kings will be flushing water mains and fire hydrants in the Greenwood Water Utility.

Customers may experience low water pressure or discoloured water during this period. Customers should flush their own lines by allowing water to run for 10 minutes or until the water clears.

The Municipality apologizes for the inconvenience.
