Municipal Advisory

Sept. 24, 2026

For Immediate Release:
Hydrant Flushing Scheduled for Canning Water Utility

KINGS COUNTY, N.S. - The Municipality of the County of Kings wishes to advise customers of the Canning Water Utility that water mains and fire hydrants will be flushed from Oct. 19 to Oct. 30.

As a result, customers in this area may experience low water pressure or discolored water during this period. Please note that this condition may also cause staining of clothing during washing. Customers should flush their water lines by only running cold water through an outdoor tap or bathtub faucet for approximately 10 minutes, or until the water runs clear, before using it.

Flushing of the water system is conducted periodically to maintain and improve water quality. The Municipality of the County of Kings apologizes any inconvenience this required maintenance work may cause.
