

Municipality Accepting Applications for New Housing Accelerator Grants/Loans

Nov. 27, 2025

The Municipality of the County of Kings is accepting applications for new funding programs created to encourage the development of more housing within the Municipality.

Four new funding programs were created through the Housing Accelerator Fund Disbursement and Advocacy Program approved by Municipal Council in July 2025:

1. **Not-for-profit and Co-operative Housing – Apply by Jan. 16, 2026**
Grant funding to decrease the amount of debt in favor of lower rents or enable the construction of additional residential units.
2. **Municipal Wastewater Connection – Apply by Jan. 8, 2027**
Grant funding to assist with wastewater connection costs for multi-unit, mixed-use and grouped dwelling developments.
3. **Developer Infrastructure Loan – Apply by Jan. 16, 2026**
Support for the development of new public infrastructure water, wastewater and roads through an interest free loan.
4. **Municipal Infrastructure Growth – Apply by Jan. 16, 2026**
Financial assistance for the extension of public water and/or wastewater within an existing public road.

Eligibility criteria can be found in the application form for each grant or loan program. Visit www.countyofkings.ca/HAF to learn more and complete the application form. Applicants are encouraged to apply early when possible.

The new grants program was made possible by federal Housing Accelerator Fund (HAF) support. The Government of Canada announced \$5.9 million in HAF funding for the Municipality of the County of Kings in February 2024. The funding is to be paid out over three years provided the Municipality continues to meet the growth targets and project initiatives outlined in an approved action plan.
