**For Immediate Release: Hydrant Flushing Scheduled for Terra Nova Dr. &
Rivercrest Lane**

KINGS COUNTY, N.S. - The Municipality of the County of Kings wishes to advise customers of the Greenwood Water Utility that water mains and fire hydrants will be flushed along Terra Nova Drive and Rivercrest Lane on Wednesday, May 25, between the hours of 1 p.m. and 4 p.m.

As a result, customers in this area may experience low water pressure or discolored water during this period. Please note that this condition may also cause staining of clothing during washing. Customers should flush their water lines by allowing the water to run for approximately ten minutes OR until the water runs clear before use.

Flushing of the water system is conducted periodically to maintain and improve water quality in the utility's piping.

The Municipality of the County of Kings apologizes for any inconvenience this required maintenance work may cause.
