

CANADIAN NAVIGABLE WATERS ACT

Nova Scotia Power hereby gives notice that an application has been made to the Minister of Transport, pursuant to the *Canadian Navigable Waters Act* for approval of the work described herein and its site and plans.

Pursuant to paragraph 10(1)(b) of the said Act, Nova Scotia Power has deposited with the Minister of Transport, on the on-line Common Project Search Registry (<http://cps.canada.ca/>) and under registry number **7419**, a description of the following work, its site and plans:

• **Replacement of the fish diversion screens using upstream and downstream cofferdams to isolate the construction area. The new fish diversion screens will occupy the same footprint as the original structure.**

in, on, over, under, through or across Trout River Pond at Forest Home in front of lot number PID 55459176.

Comments regarding the effect of this work on marine navigation can be sent through the Common Project Search site mentioned above under the Comment section (search by the above referenced number) or if you do not have access to the internet, by sending your comments directly to your regional office:

Manager, Navigation Protection Program
Transport Canada
PO Box 42
Moncton, NB
E1C 8K6

Note that comments will be considered only if they are received not later than 30 days after the publication of this notice.

Transport Canada (TC) will not make your comments on a project available to the public on the online public registry. However, any information related to a work is considered as unclassified public record and could be accessible upon legal request. As such, the information and records provided should not contain confidential or sensitive information. If you want to provide confidential or sensitive information that you think should not be made public, please contact TC before submitting it.
