# Where Does the Authority Come From?

A guide to municipal, provincial and federal responsibilities

## Municipal/Local Government:

- Where the Authority comes from:
  Provincial laws (the Municipal Government Act).
- What does it do?
  Provides local services and decisions.
- What laws does it make?
  Local rules called Bylaws, that cover issues such as zoning, noise, parking, animal control and property standards.
- What services does it provide to citizens?
  Municipal owned roads and street maintenance, water, wastewater and sewer, garbage collection, building permits, land use planning, and local transit.
- How does it pay for those services?
  Property taxes, service fees and funding from provincial and federal governments.

## Provincial Government:

- Where the Authority comes from:
  Canada's constitution.
- What does it do?
  Looks after matters that affect a province including healthcare, education, provincially owned highways and roads, as well as social services.
- What laws does it make?
  Provincial laws such as health care, education property, and the creation of municipalities.
- What services does it provide to citizens?
  Public schools, drivers licenses, property valuations, hospitals and health care services.
- How does it pay for those services?
  Provincial taxes, corporate taxes, provincial sales tax and federal funding.

## Federal Government:

- Where the Authority comes from:
  Canada's constitution.
- What does it do?
  Looks after matters that affect the whole country such as defense, immigration, banking, federal laws and federal taxes.
- What laws does it make?
  National laws such as criminal law, immigration, banking.
- What services does it provide to citizens?
  Passports, employment insurance, Canada Pension Plan, Mail delivery, Border and customs.
- How does it pay for those services?
  Federal Income tax, corporate tax, sales tax and other federal taxes.
