Local government matters! Your Municipality provides local services you depend on every day: animal control, building permits, community grants, economic development, fire and emergency services, highspeed internet, land-use planning, public transit, recreation, municipal roads and sidewalks, waste collection, water and sewer - and more!

Vote for your choice of a Mayor and District Councillor for the next four years. They live where you live! The role of Municipal Council is to ensure Kings residents get the services they need.

You can vote if:

- You are 18 years or older, a Canadian citizen, and resident of the Municipality (by October 10)
- You have been a resident in Nova Scotia for 6 months (by April 9)

Vote anywhere, anytime with e-voting this October!

E-voting runs October 10 - 19, 2024. You can vote by phone (landline or cell) or online from noon Oct. 10 until 7 p.m. Oct. 19.
