

Attention Boat Operators:

Reminder

NS has a 10 km/h speed limit within 30 meters of shore on lakes & rivers

**SPEED
LIMIT**
10
km/h

Exceptions allow you to:

- Pull water-skiers directly away from shore where higher speeds if needed
- Go at higher speeds in narrow rivers buoyed channels.

Shoreline speed limits in NS rivers and lakes provide a safer, more predictable environment near shore for swimmers and non-powered vessels and reduce the effect of vessel wakes on shorelines.
