Volunteers Wanted! 📧

...for the Kings County Lake Water Monitoring Program. This is your opportunity to help maintain the quality of our watersheds for the continued enjoyment of residents & visitors into the future. Lake water samples are collected through spring, summer and fall by citizen volunteers with help from provincial and federal agencies and

Acadia University. The 1999 program runs May to October and water samples will be collected from Hardwood Lake, Lake George, Aylesford Lake, Gaspereau Lake, Murphy Lake, Little River Lake, Black River Lake and Lumsden Pond. For further information contact Michael MacIntyre, Senior Planner, at 690-6102 or 847-3051 from the Kingston/Greenwood area or email at: mmactyre@county.kings.ns.ca

Michael MacIntyre takes water samples from a Kings County lake.
